Sometimes your project needs a little more. Our add-on services allow you to extend and customize your design package with additional elements, extra renderings, and hands-on expert guidance — all at transparent flat-fee or hourly rates. Every add-on is designed to integrate seamlessly with your existing Standard or Luxury Design Package.

All add-on services must be ordered in conjunction with a Standard or Luxury Design Service Package.

### ADD-ON SERVICE 01

#### Visual Design Element Add-On **\$295** per element

Need to go beyond what's included in your Standard or Luxury Package? This add-on allows you to include additional design elements — each researched, curated, and presented for your approval.

We'll consult with you to understand your updated design needs, then research and present your new element(s) on the concept approval sheet for your review. Once approved, we integrate the updates into your final Visual Design Recommendation, Full-Color Rendering, and Statement Sheet with direct purchase links.

*\* Available only with Standard, Luxury, or qualifying service package orders.*

### ADD-ON SERVICE 02

#### Additional Full-Color Rendering **\$595** per rendering

Want to explore an alternative layout or design direction? This add-on delivers an additional Full-Color Rendering of your updated space, complete with a personalized design recommendation plan.

Having multiple renderings gives you the flexibility to compare design options and choose the version that best suits your vision — or share different concepts with your contractors, installers, or architects to guide execution.

Each additional rendering also includes an updated Statement Sheet with clickable links to purchase your selected elements.

*\* Available only with Standard, Luxury, or qualifying service package orders.*
